

TEST CERTIFICATE

CT-20-05-26-01

Product: Laminate floor covering Standard – thickness 8mm
Product name: 33732 – Eterna Loc Fliese
Batch number: 5604594

Manufacturer: Classen Industries GmbH
An der Birkenpfehlheide 6
D-15837 Baruth/Mark

Order: Determination of formaldehyde release acc. to gas analysis method
DIN EN ISO 12460-3:2015

Test method: Gas analysis method DIN EN ISO 12460-3
Chemical analysis: Acetylacetone - method

Report: Test report 2520038 of 27 January 2020

Test result: The average formaldehyde release of the tested sample material is
0.3 mg HCHO /m²h.

The above mentioned product meets the guide value for laminate flooring of 3.5 mg HCHO/m²h regarding the formaldehyde release and fulfils the requirements of the Formaldehyde class E1 according to DIN EN 14041:2018-05
